### Time for computer work...

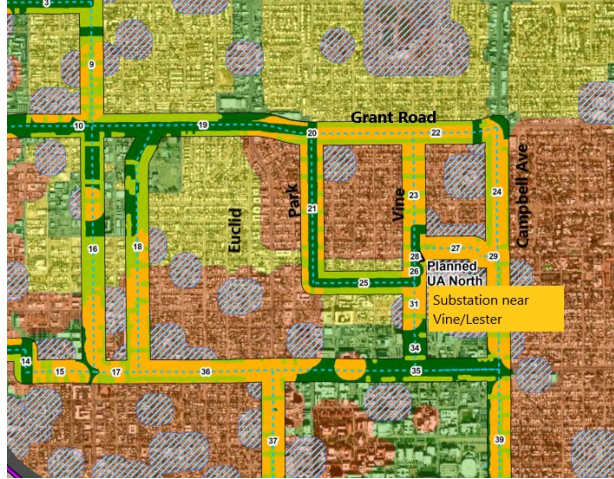

Tucson Transportation Department will take data from the [MoveTucson.org](http://MoveTucson.org) survey to decide where resources should be allocated.

If Jefferson Park doesn't speak up and become part of the count, the silence indicates that it is happy with increased traffic, potholes and unsafe bicycle/pedestrian ways.

Sorry, one of the links for Move Tucson was incorrect in the last newsletter. .org is correct

### Have an opinion?

Pathway of poles being considered through Jefferson Park. Campbell, Vine and Park. **JPNA has taken a stand that the only paths to be considered should be underground or along industrial or commercial thoroughfares-not through the neighborhood.**
